

RESOLUTION SUPPORTING REINSTATEMENT OF THE MEXICO CITY POLICY

WHEREAS, One of President Barrack Obama's first acts in office was to issue an executive order to allow the flow of U.S. tax dollars to groups that perform abortions or actively work to overturn pro-life laws worldwide at a cost estimated at \$500 million annually; and

WHEREAS, the U. S. government has no business funding abortions in countries in violation of those countries laws and has no business paying for organizations to pressure countries to adopt pro-abortion laws in violation of the deeply held cultural and religious beliefs of their citizenry; and,

WHEREAS, President Ronald Reagan's rationale when instituting the policy in 1984 was that even if an agency involved in both family planning and abortion were given funding only for their family planning functions, that it would release funds within the organization for their abortion activity; and

WHEREAS, with one swift stroke of his pen, President Obama gave the green light for the execution of thousands of pre-born children whose parents will find it easier to deny them the right to enter this world; and, therefore,

BE IT RESOLVED that the South Carolina Republican Party calls upon Congress to pass permanent law prohibiting the use of U.S. tax dollars for any abortion related activity anywhere; and therefore,

BE IT RESOLVED that, upon approval of this resolution the South Carolina Republican Party shall deliver a copy of this resolution to each of the Republican members of South Carolina Delegation, and all Republican candidates for Congress as they become known.
